

KentwoodCares Mentoring Program

Dear Prospective Mentor:

The students of Kentwood Public Middle Schools need your help! Many young people want and need a caring adult role model to help them find their way in life.

The **KentwoodCares** Mentoring Program matches students who are at the brink of success with positive adults who can offer guidance, support and encouragement aimed at developing their competence and character. The most important aspect of the program is to create a trusting relationship with a caring adult who can help promote a young persons growth and development.

We appreciate your decision to volunteer your time and talents as a positive role model and mentor for students who are in need of your attention. The impact of your participation will help students make better choices while attending school and build a stronger foundation for their future. This goal can only be accomplished through consistency and an unyielding commitment for the students we serve. As partners, we can offer hope and empower students to reach their full potential.

Over the past four years, we've had many success stories. With your contribution, we will continue to grow and add to those successes. I am confident that your time and sacrifice with your mentee will prove very rewarding. Please feel free to contact me should you have any questions.

Again, thank you for agreeing to participate in Kentwood Public Schools Middle School Mentor Program.

Sincerely,

Terry Gates
