

School Annual Education Report (AER) Cover Letter

August 20, 2011

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2010-2011 educational progress for the Crossroads Alternative High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, Adequate Yearly Progress (AYP) and teacher quality. If you have any questions about the AER, please contact Brian O'Hara for assistance. The AER is available for you to review electronically by visiting the following web site www.kentwoodps.org/ourdistrict/annualreports or you may review a copy from the Principal's office at your child's school.

For 2010-2011, Crossroads Alternative High School made Adequate Yearly Progress (AYP) in English language arts and mathematics. While we are pleased to have reached this important goal, we are continuously working to improve. We appreciate the continued support of parents, staff and our community in this effort. State law requires that we also report the following additional information.

Process for Assigning Pupils to the School:

Students in Kentwood Public School District are assigned to individual school buildings based on the grade level they attend and the geographic area in which they live. School boundaries were developed with community involvement and can be viewed at the Kentwood Public Schools Administration Building at 5820 Eastern Ave. S.E.

Status of School Improvement Plan:

Crossroads Alternative High School has an approved school improvement plan submitted to the State in which stakeholders have outlined goals and objectives for the next 3 years that address student academic needs. The needs addressed in the plan are identified by looking at a variety of data that measures student academic progress. The stakeholders identify areas of need and research scientifically based strategies to address these needs.

Core Curriculum:

Process:

Kentwood Public Schools has aligned curriculum in all content areas with the Michigan Curriculum Framework and benchmarks which can be found on the Michigan Department of Education website (<http://www.michigan.gov/mde>). Our assessments and report card are also aligned with the curriculum. Classroom instruction is congruent with the curriculum expectations and is monitored consistently by building principals and academic support personnel.

Alignment:

Each grade level on the elementary level and each content area at the secondary levels meet monthly to study curriculum issues and to ensure that all students have

common, equitable curricular experiences. A gap analysis is conducted annually with the MEAP testing information and the curriculum is examined for areas of strength and weakness. After this audit, necessary adjustments are made.

Equity:

Excellence and Equity for All is the motto of Kentwood Public Schools. Common assessments with common scoring rubrics, a common curriculum, common core materials, and a common electronic standards-based report card help us work toward our goal of equity. In additions, principals and other evaluators have common instructional expectations that are used to guide teacher evaluation. Professional development, study groups, and constant communication between regular education, special education, and gifted programs also facilitate this process. We are committed to ALL of our students having multiple opportunities to learn and be successful in the core curriculum.

Aggregate Student Achievement Results:

On the Scholastic Reading Inventory test, Crossroads students who were tested increased an average of 37.42 lexile points.

Parent-Teacher Conference Attendance:

Seventy four students were represented by their parents at parent/teacher conferences during the 2010-2011 school year. That number represents a 28% PTC attendance rate.

There were no students who took or received credit in advanced placement courses

Crossroads staff, students and parents should be proud of our many accomplishments that can be found on our annual report. We graduated almost fifty students in June of 2011. Our Michigan Merit Exam test scores and ACT composite scores exceeded all other alternative education schools in West Michigan. With continued dedication and focus on school improvement and capturing our kid's hearts we will only continue our five year trend of measurable academic improvement.

Sincerely,

Brian T. O'Hara
