Dr. Scott Palczewski
Superintendent of Schools

August 20, 2012

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2011-2012 educational progress for the Pine Rest Campus of Kentwood Public Schools. The AER addresses the complex reporting information required by Federal and State laws. The school's report contains information about student assessment, Adequate Yearly Progress (AYP) and teacher quality. If you have any questions about the AER, please contact Mr. Blair Feldkamp for assistance.

The AER is available for you to review electronically by visiting the following web site <http://www.kentwoodps.org/ourdistrict/annualreports/> or you may review a copy from the principal's office at your child's school.

For the 2012/13 school year, The Pine Rest of Kentwood Public Schools has been removed from the list of schools not making Adequate Yearly Progress (AYP). It has been determined that due to the unique nature and demographics of the Pine Rest Campus of Kentwood Public Schools that the current structure of AYP is not an appropriate measurement of residential students' success. However, the Pine Rest Campus of Kentwood Public Schools will continue to be monitored and evaluated on a yearly basis for appropriate levels of student growth. This annual progress will be monitored and reviewed by the Michigan Department of Education (MDE), while also providing consistent communication and direction for the KPS residential staff and administration.

State law requires that we also report the following additional information.

Process for Assigning Pupils to the School:

Students in Kentwood Public School District are assigned to individual school buildings based on the grade level they attend and the geographic area in which they live. School boundaries were developed with community involvement and can be viewed at the Kentwood Public Schools Administration Building at 5820 Eastern Ave. S.E.

Status of School Improvement Plan:

The Pine Rest Campus of Kentwood Public Schools has an approved school improvement plan submitted to the State in which stakeholders have outlined goals and objectives for the next 3 years that address student academic needs. The needs addressed in the plan are identified by looking at a variety of data that measures student academic progress. The stakeholders identify areas of need and research scientifically based strategies to address these needs.

Core Curriculum:

Process:

Kentwood Public Schools, together with parents and the community, will educate all students in a safe, secure environment. We are committed to excellence, equity, and diversity in education. Our goal is for each student to master and apply the essential skills to be a successful, productive citizen.

Kentwood Public Schools has aligned curriculum in all content areas with the Michigan Curriculum Framework and the Michigan Merit Curriculum. Benchmarks can be found on the Michigan Department of Education website (<http://www.michigan.gov/mde>). Our assessments and report card are also aligned with the curriculum. Classroom instruction is congruent with the curriculum expectations and is monitored consistently by building principals and academic support personnel.

Alignment:

Each grade level on the elementary level and each content area at the secondary levels meet regularly to study curriculum issues and to ensure that all students have common, equitable curricular experiences. A gap analysis is conducted annually with the MEAP testing information and the curriculum is examined for areas of strength and weakness. After this audit, necessary adjustments are made.

Equity:

“Excellence and Equity for All” is the motto of Kentwood Public Schools. Common assessments with common scoring rubrics, a common curriculum, common core materials, and a common standards-based report card help us work toward our goal of equity. In addition, principals and other evaluators have common instructional expectations that are used to guide teacher evaluation. Professional development, study groups, and constant communication between regular education, special education, and gifted programs also facilitate this process. We are committed to ALL of our students having multiple opportunities to learn and be successful in the core curriculum.

Aggregate Student Achievement Results (two most recent years):

The Pine Rest Campus of Kentwood Public Schools administers all formal state provided assessments. These assessments include the Michigan Merit Exam (MME), Michigan Education Assessment Program (MEAP), MEAP-Access, and MI-Access. Each student is provided the appropriate grade level and assessment. This includes all Special Education students as they are administered the appropriate assessment as dictated by the student’s respective Individualized Education Plan (IEP). Individual student performance is then provided to all respective care givers for each student on campus, including documentation in the students school file. Tracking of student performance for the entire campus from year to year is very difficult due to the very transient nature of the residential setting and the vast array of assessments that are taken from year to year. Hard copies of the Pine Rest Campuses of Kentwood Public Schools year to year performance are available for review by contacting the building administrator.

Parent-Teacher Conference Attendance (two most recent years):

Parent/Teacher Conferences are an essential component of the school and Pine Rest relationship. Once every trimester, Parent Teacher conferences are held after school hours. The teachers meet with the therapists in the classroom and their attendance (and for which student they are attending) is documented. This allows for the individual progress of every student currently on campus to be reviewed. These (confidential) *Parent Teacher Conferences Attendance and Contact Logs* are kept on file. Prior to Parent Teacher Conferences each trimester, a letter from the KPS Pine Rest campus school is sent to all biological, foster, and Surrogate Parents notifying them of the date and time of the upcoming conferences. It is also stated in the letter that teachers are willing to conduct a phone conference with a “parent” if so desired. This is not uncommon as students are admitted to the residential facility from all over the state of Michigan and driving is often not practical. This procedure/process is consistent with the Pine Rest Campus’s mission statement by allowing consistent two way communication between parents, therapists, and teachers. It also actively involves them in each and every student’s academic progress.

The educational staff of the Pine Rest Campus will continue to work to assess and address the individual needs of each residential student within this institutionalized setting. We will continue to work cooperatively with the Pine Rest administration, clinical staff, and unit staff in an effort to provide the most fulfilling and aligned education for each and every residential student. Both entities will continue to overcome the multiple constraints that are in place with the transient nature of the residential setting. The focus for all educational staff will remain to pursue, develop, implement, maintain, and assess the most appropriate educational experience possible for all residentially placed students.

Sincerely,

Blair Feldkamp
Pine Rest Campus of KPS Supervisor
