

Date posted: August 20, 2012

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2011-2012 educational progress for the Kentwood Public School District and our schools. The AER addresses the complex reporting information required by federal and some requirements of state laws; however, our staff is available to help you understand this information. Please contact the Kentwood Public Schools Instruction Office at 616-455-4400 for help if you need assistance.

The AER data packet is available for you to review electronically by visiting the following web site <http://www.kentwoodps.org/ourdistrict/annualreports/> or you may review a copy in the principal's office at your child's school.

The report contains the following information:

**Student Assessment Data – Michigan Educational Assessment Program (MEAP), Michigan Merit Exam (MME), and Michigan's Alternative Assessment Program (MI-Access)**

- Presents achievement data for all five tested subjects (mathematics, reading, science, social studies and writing) compared to targets for all students as well as subgroups of students
- Provides achievement data for all five tested subjects (mathematics, reading, science, social studies and writing) for students with significant disabilities (MI-Access or MEAP-Access) compared to targets for all students with disabilities as well as subgroups of students
- Helps readers understand achievement progress within schools and compare these to district and State achievement

**Top to Bottom Ranking – Detail Data and Status**

Information used to rank schools is based on the development of the Top to Bottom list of schools and their performance. Each school's Top to Bottom ranking will be based on student achievement, student growth over time, school improvement over time and achievement gaps across all five tested subjects (mathematics, reading, science, social studies and writing).

**Adequate Yearly Progress (AYP) – Status**

In addition, AYP Status is based on student participation and proficiency in mathematics and reading. Attendance targets must be met for elementary and middle schools and graduation rate targets must be met for high schools and districts.

For 2011-2012, the Kentwood Public School District did not make Adequate Yearly Progress (AYP) due to not meeting the four year graduation rate target for all subgroups. We are encouraged by the fact that approximately 95% of our students graduate with a high school diploma. We also recognize that more work needs to be done to help our students graduate within four years. We are actively working to address the district issues by providing additional learning options and opportunities to our high school students, as well as timely, academic support.

Some of our schools did not make AYP and/or are Focus Schools. Below you will find a list of these schools, the reasons the school(s) did not make AYP and a summary of the actions underway to improve. The principal has a letter and school specific AER that will help answer your questions. These are also posted on the district and school web sites.

School Name	Status (Priority, Focus or No AYP)	Reason(s) for not making AYP	Key actions underway to address the Issues
Meadowlawn Elementary	Did Not Make AYP	Did not test sufficient number of students in Reading	Revising the reporting process to ensure that all assessments are accounted for with the assessment contractor.
Brookwood Elementary	Focus School	Achievement gap between highest performing students and lowest performing students	Identifying struggling students and specific areas for growth so we can provide the additional support that is needed.
Discovery Elementary	Focus School	Achievement gap between highest performing students and lowest performing students	Identifying struggling students and specific areas for growth so we can provide the additional support that is needed.
Crestwood Middle School	Focus School	Achievement gap between highest performing students and lowest performing students	Identifying struggling students and specific areas for growth so we can provide the additional support that is needed.

**Teacher Qualification Data**

- Identifies teacher qualifications at district and school levels
- Reports percentage of core academic classes taught by teachers not considered highly qualified to teach such classes

**NAEP Data (National Assessment of Educational Progress)**

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8
- Cannot be compared with MEAP results for grades 4 and 8 because there are no national standards

We are extremely fortunate in Kentwood to have a staff who is committed to the academic success of every child while at the same time building positive adult to student relationships. In everything we do, and at every level in our district, our commitment to excellence will continue to be data driven, customer focused and centered on continuous improvement. With the help of an extremely supportive community we will work to ensure the success of each and every child.

Sincerely,  
Dr. Scott Palczewski  
Superintendent
