

# Campus Visits for Prospective Students

*(last updated 6-18-09)*

This list is intended to give students an idea of the different types of visitation programs available at Michigan colleges. The following list of opportunities is not all-inclusive. Colleges may change their visitation programs or their dates. Always contact the college for additional information and to register. Most colleges have visitation information available on their websites. Many colleges will offer daily options in addition to their special events for prospective students. College admissions offices are the best source of information on the types of visitations available, the ages of students they allow to visit, and the parent programs available.

***EKHS students who choose to make a formal college visit during a school day must see Ms. Flynn in the Attendance Office for extenuation paperwork and MUST have specific proof from the college's admissions office that the student was there.***

## PUBLIC UNIVERSITIES

NOTE: THIS LIST WILL BE UPDATED ONCE SCHOOLS MAKE THEIR 2009-2010 INFORMATION AVAILABLE.
