Telemedicine

The Spectrum Health School Telemedicine Clinic gives students an opportunity to be seen by a licensed master social worker (LMSW) for therapy/counseling services without leaving the school. The telemedicine clinic offers on-site behavioral assessment and therapy in a secure and private room via videoconference.

Parents/Guardians do not have to be present for a student to be seen in the clinic; however, in order for us to bill insurance, a consent form must be signed.

Please note: Your insurance will be billed for services provided in the clinic. Copayments will be billed to the address on file, and will be sent out from the Spectrum Health billing department.

Contact Information

Our team is here to assist you, and we are available to communicate with the parents of students. We want to know your concerns and be able to keep you updated on your student's health; however, state confidentiality laws may limit the amount of information we are able to share with you regarding services we may provide to your student.

If you would like to utilize the Spectrum Health Telemedicine Clinic, please talk to a counselor or social worker to set up an appointment.
